Re: LightSquared Subsidiary, LLC
Ex Parte Communication. IB Docket No. 11-109
IBSF File No. SAT-MOD-20101118-00239

Greetings Ms. Dortch,

In regard to the petition of LightSquared, referenced above, our concern is the interference their plan will cause high precision GPS and the harm this would present to not only our company but the surveying industry as a whole, which in turn will effect hundreds of thousands of people who rely on the data surveyors produce.

Please take into consideration our urgent opposition to LightSquared's request (which ignores the recent independent test results) to affirm its license and its request to go forward with its plan.

Best regards,

Monte & Theresa King, owners
